Definitions

- **Domestic relations order** is a judgment, decree, or order, including approval of a property settlement agreement.
- **Hawaii Domestic Relations Order (HiDRO)** is a domestic relations order that creates the right of an alternate payee (such as a spouse or former spouse), or assigns to an alternate payee, the right to receive all or a portion of the benefits payable with respect to an ERS member, a former member with vested benefit status, or a retirant. A court-filed domestic relations order must be qualified by the ERS to become a HiDRO before any payments can be made. A required model order form is provided by the ERS.

The required HiDRO model form includes:

A hearing was held before the Presiding Judge or an affidavit was submitted and the Court waived hearing on the matter. After full consideration of the evidence,

IT IS HEREBY ORDERED, ADJUDGED and DECREED that:

1. This Hawaii Domestic Relations Order for the Employees' Retirement System of the State of Hawaii ("Order") is intended to meet the requirements for a "Hawaii domestic relations order" relating to the Employees' Retirement System of the State of Hawaii ("ERS" or "System"), as set forth in Section 88-93.5 of the Hawai'i Revised Statutes ("HRS"), as revised, and Sections 6-40-1, et seq., of the Hawai'i Administrative Rules ("HAR"). This Order is an integral part of the Decree of Divorce signed on _____ (date).
2. This Order creates or recognizes the right of an alternate payee, or assigns to the alternate payee, the right to receive a portion of the benefits payable with respect to a member, a former member with vested benefit status, or retirant (herein after referred as "Member") under the System.

Pre- vs. Post-Retirement HiDROs

Employees' Retirement System
of the State of Hawaii

- A pre-retirement, court-filed HiDRO model form can be submitted to ERS for qualification any time prior to a retirement. A post-retirement, court-filed HiDRO model form can be submitted for qualification on or after the retirement date.
- A pre-retirement HiDRO can cover a monthly pension and a refund of accumulated contributions, if a refund option chosen. It can also be applied to a former vested member's distribution of accumulated contributions or and/or hypothetical account balance when they are withdrawn.
- A post-retirement HiDRO can only be applied to a monthly pension. Payments begin the month after qualification and not retroactive.

A HiDRO does not:

- Make the ERS a party to a divorce action, or provide the family court with jurisdiction over the ERS.
- Provide any benefit prior to retirement or prior to the withdrawal of contributions by a former vested member
- Require anyone but the member, former member with vested status, or retirant, to designate a beneficiary as recipient of death benefits
- Require anyone but the member, former member with vested status, or retirant, to select a particular benefit payment plan or option;
- Require any action on the part of ERS contrary to its governing laws or plan provision other than the direct payment of benefits awarded to an alternate payee

Proposed HiDRO model form review

Employees' Retirement System
of the State of Hawaii

- Upon request, ERS can review a proposed HiDRO model form before it is court-filed for a \$300 fee.
- ERS will review document and determine if it meets the requirements of a HiDRO. A court-filed HiDRO model form will still need to be submitted to ERS for qualification and another fee will be charged.
- The \$300 fee will be assessed for each review. Requestor will be notified if additional legal or actuary services are needed by the ERS and the associated fee(s).

Request for Information

Employees' Retirement System
of the State of Hawaii

If more information is needed prior to the filing of a HiDRO model form, the ERS can provide HiDRO-related information of a member, former member with vested status, or retiree.

- A complaint for divorce or divorce decree and a Request for Information form (ERS-303) are required for the spouse or ex-spouse. Only a Request for Information form (ERS-303) is required for a member, former member, or retiree.
- Information will be based on the date of the request and will not project any future benefits.
- If the request is from a spouse or ex-spouse, the member will receive notification of what information was provided.

Other considerations

Employees' Retirement System

- The ERS offers a variety of options to members and retirees. More information about the plan and options can be found at the following links:
<https://ers.ehawaii.gov/members/active>
<https://ers.ehawaii.gov/members/planning-for-retirement>
- A qualified HiDRO is prospective and cannot be applied to benefits already distributed to the member.
- ERS will not make a lump-sum payment to the portion of a benefit that is not payable by lump sum.
- Generally, the alternate payee is subject to the same tax treatment as the member or retiree when receiving a payment from the ERS, including rollover options for a lump-sum distributions. Check with a tax consultant for further information.
- A HiDRO is void upon the death of the member, former member, retiree, or alternate payee.
